

Lake Street Reconstruction is Coming May 2006

More info coming soon!

Hennepin County and Lake Street businesses are making a multi-million dollar investment in the Lake Street corridor, the first project of its kind in almost 50 years.

Be prepared to encounter some obstacles as you drive, walk, or bike down East Lake Street this Spring, Summer and Fall.

WHAT SHOULD YOU EXPECT?

The GOOD news:

-  All East Lake Street businesses will remain open during construction months!
-  East Lake Street will maintain one lane of traffic running in both directions.
-  Buses will still be available – but will be rerouted to 31st Street. For more info Call Metro Transit at (612) 373-3333
-  Only 1/2 of Lake Street east of Hiawatha Avenue will be under construction in 2006

Once the project is complete, you will have a beautified East Lake Street for you and your family to enjoy: new lighting, benches, trees, and boulevards! Please continue to support Lake Street businesses during and after construction as your way of saying 'Thank You'

Things to keep in mind:

-  There will be increased traffic on residential side-streets: watch for motorists.
-  There will be no on-street parking on the portions of East Lake Street that are under construction, until late fall 2005
-  Customers for East Lake Street businesses will need to park on nearby streets – please bear with them.
-  There will be noise and dust associated with the construction, especially between the hours 7:00 AM and 6:00 PM., Monday-Friday. In exceptional cases the construction contractor can obtain a permit to work outside of these hours. Nearby residents will be notified if this is going to happen.

What can you do?

-  Support your local businesses – bring your friends and family to East Lake Street!
-  Watch out for construction workers and equipment in the construction zone. Drive safely.
-  Welcome visitors to the neighborhood who may park on your street.
-  Watch for unsafe motorists and notify the 3rd Precinct at (612) 673-2981 if drivers are speeding frequently.
